

Aboriginal Education Enhancement Agreement Annual Report 2013 – 2014

"We envision Aboriginal students who are successful and confident; have pride in their cultural heritage, unique gifts, strengths and abilities. We are committed to a community that acknowledges honours and respects, the diverse culture of our Aboriginal students, families and Elders."

Revelstoke Board of Education

*We respectfully honour and acknowledge
Aboriginal people, recognizing that our
students come to us with Aboriginal ancestry
from a variety of ancient homelands.*

Foreword

Our Aboriginal Education Enhancement Agreement Annual Report provides a review of our progress toward the goals outlined in our Aboriginal Education Enhancement Agreement and the resultant success of Aboriginal students in our district. Through these goals we track student academic success and their developing sense of heritage and ancestry. We are proud of the depth and breadth of the programs and services provided to Revelstoke students who have identified their aboriginal ancestry. Our entire school community benefits from the partnerships and high level of collaboration that are sustained by the work of the Aboriginal Education Advisory Committee.

Revelstoke is located on the Trans Canada Highway adjacent to the Okanagan and Kootenay regions. We are a vibrant, historic mountain community of 7,139. Our school district serves approximately 960 full-time equivalent students in three elementary schools and one high school, all within the city of Revelstoke. We support a wide range of students with unique needs and take pride in the achievement of these students. Approximately twelve percent of our student population is of Aboriginal descent, most of whom are non-status.

Background : Our Enhancement Agreement

The Revelstoke Board of Education has been fortunate to have a long standing Aboriginal Education Advisory Committee that works with high levels of collaboration and consensus. This past year Margaret Verhaeghe retired from the committee as the longest serving member. She had served on the committee since November 19th, 1996, the inception date of the Aboriginal Education Advisory Committee in Revelstoke. The committee works hard to honour the traditional teachings and wisdom of our Elders, the unique qualities of all of our Aboriginal students and the history and culture of the nations' territory on which we reside. Historically this committee has guided expenditures, programs and services supported by the Ministry of Education and oversees the enhancement agreement implementation process and annual report.

The Aboriginal Education Advisory Committee

Our Enhancement Agreement represents a commitment between the School District of Revelstoke and the Aboriginal community to communicate and collaborate with the shared goal of improving the educational achievement of all Aboriginal students.

The Aboriginal Education Advisory Committee meets monthly to plan events and review progress. Staff provide updates regarding the work in schools. Trustees provide highlight of that work at the regular board meeting table.

During the 2013/14 year the committee began preparation for a new Enhancement Agreement. Grade 11 and 12 high school students met with students from the elementary schools to share their thoughts on the programs and services they had experienced. This work will provide the starting point for our Enhancement Agreement process which will begin in the fall of 2014. We expect to have our second Enhancement Agreement complete by March 2015.

Thank you to the committee for the contributions to the lives of our students!

Future Generations

Each year the Aboriginal Advisory committee offers three Bursaries for Aboriginal students worth \$500.00 each. All students who are graduating are encouraged to apply. All students of First Nations or Aboriginal ancestry receive a gift of a blanket at the Graduation Ceremony. Metis students receive a gift of a sash. For girls, sashes are worn over the left shoulder, for boys, sashes are tied around their waists. The graduates receive the sash or blanket to recognize the hard work and effort put into achieving graduation.

Aboriginal Student Enrolment

In British Columbia, an Aboriginal student is one who self-identifies (or is identified by parents or guardians) as being of Aboriginal ancestry. The term *Aboriginal* consists of people of First Nations, Metis, Inuit, Non-status and Status off-reserve.

In Revelstoke, Aboriginal ancestry is identified on a voluntary basis. By self-identifying, additional school-based programs may be offered.

Summary

The 2013-2014 Aboriginal Enhancement Annual Report is intended to provide an overview of the implementation of our Enhancement Agreement during the 2013 - 2014 school year. This report has been prepared to communicate and create an ongoing awareness of the Aboriginal Enhancement Agreement, to establish targets and develop an annual work plan. This process reflects an opportunity to renew our commitment to Aboriginal students and to improving their experiences and achievement in School District No. 19. The success of our efforts can only truly be seen in the success of our Aboriginal students.
